LOGISTICS VICEM JOINT STOCK COMPANY

Address: 405 Song Hanh Xa Lo Ha Noi, Truong Tho Ward, Thu Duc City, HCMC, Vietnam

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS The second quarter of 2025

1. CORPORATE INFORMATION

Logistics Vicem Joint Stock Company ("the Company") was established from the equitization of the former Transportation Department of Ha Tien 1 Cement Joint Stock Company in accordance with the Decision No. 24/2000/QĐ-TTg issued by the Prime Minister on 21 January 2000.

The Company's current principal activities are to provide waterway transportation, domestic and overseas road transportation, to trade tools and equipment, transportation vehicles, to exploit landing pier and to wholesale cement.

The Company's shares were listed on the Ho Chi Minh City Stock Exchange with trading code of HTV in accordance with the Decision No. 41/ UBCK-GPNY issued by the State Securities Commission on 7 December 2005.

The Company's registered head office is located at 405 Song Hanh Xa Lo Ha Noi, Thu Duc Ward, HCMC, Vietnam.

Corporate structure

The Company invested in 1 subsidiary, which is:

- *Truong Tho Thu Duc Real Estate Investment Development Company Limited ("TTTD")*
TTTD is a limited liability company with two members incorporated under the Law on Enterprise of Vietnam pursuant to the BRC No. 0314270335 issued by the Department of Planning and Investment of Ho Chi Minh City on 7 March 2017. The registered head office of TTTD is located at Floor 35th, Nexus Building, 3A-3B Ton Duc Thang, Sai Gon Ward, Ho Chi Minh City, Viet Nam. Its principal activity is real estate business.

2. BASIS OF PREPARATION

2.1 **Accounting standards and systems**

The consolidated financial statements of the Group, expressed in Vietnam dong ("VND"), are prepared in accordance with Vietnamese Enterprise Accounting System and Vietnamese Accounting Standards issued by the Ministry of Finance as per:

- ▶ Decision No. 149/2001/QĐ-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- ▶ Decision No. 165/2002/QĐ-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- ▶ Decision No. 234/2003/QĐ-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- ▶ Decision No. 12/2005/QĐ-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- ▶ Decision No. 100/2005/QĐ-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying consolidated financial statements including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

The Company applies the Vietnamese accounting regime issued under Circular No. 200/2014/TT-BTC and Circular No. 200/2014/TT-BTC dated December 22, 2014 as well as

LOGISTICS VICEM JOINT STOCK COMPANY

Address: 405 Song Hanh Xa Lo Ha Noi, Truong Tho Ward, Thu Duc City, HCMC, Vietnam

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS The second quarter of 2025

circulars guiding the implementation of accounting standards of the Ministry of Finance in preparing and presenting separate financial statements.

2.2 Forms of accounting records

The form of accounting records applied in the Company is the Accounting computer forms.

2.3 Reporting and functional currency

The Group's applied accounting documentation system is the computer based system.

2.4 Fiscal year

The Group's fiscal year applicable for the preparation of its financial statements starts on 1 January and ends on 31 December.

2.5 Basis of consolidation:

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as at and for the year ended 30 Jun 2025.

Subsidiary is fully consolidated from the date of acquisition, being the date on which the Company obtains control, and continued to be consolidated until the date that such control ceases.

The financial statements of the subsidiary are prepared for the same reporting period as the parent company, using consistent accounting policies.

All intra-company balances, income and expenses and unrealized gains or losses resulting from intra-company transactions are eliminated in full.

Non-controlling interest represent the portion of profit or loss and net assets not held by the Group and are presented separately in the consolidated income statement and within equity in the consolidated balance sheet, separately from parent shareholders' equity.

Impact of change in the ownership interest of a subsidiary, without a loss of control, is recorded in the account of undistributed earnings.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash in banks and short-term, highly liquid investments with an original maturity of less than three months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

3.2 Receivables

Receivables are presented in the consolidated financial statements at the carrying amounts due from customers and other debtors, after provision for doubtful receivables.

The provision for short-term doubtful receivables represents amounts of outstanding receivables at the balance sheet date which are doubtful of being recovered. Increases and decreases to the provision balance are recorded as general and administrative expense in the consolidated income statement.

3.3 Inventories

Inventories are stated at the lower of cost incurred in bringing each product to its present location and condition, and net realisable value. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

The perpetual method is used to record inventories, mainly included fuel, materials and tools and supplies which are valued on a weighted average basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
The second quarter of 2025*Provision for obsolete inventories*

An inventory provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of fuel, materials and tools and supplies owned by the Group, based on appropriate evidence of impairment available at the balance sheet date. Increases and decreases to the provision balance are recorded into the cost of goods sold account in the consolidated income statement.

3.4 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use. Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the consolidated income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the consolidated income statement.

3.5 Depreciation

Depreciation of tangible fixed assets is calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures	5 - 10 years
Shipping transportation vehicles	10 years
Office equipment	3 - 6 years

3.6 Prepaid expenses

Prepaid expenses are reported as short-term or long-term prepaid expenses on the consolidated balance sheet and amortised over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

3.7 Investments*Held-to-maturity investments*

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognised as expense in the consolidated financial statements and deducted against the value of such investments.

3.8 Payables and accruals

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Group.

3.9 Appropriation of net profits

Net profit after tax is available for appropriation to shareholders after approval in the annual general meeting, and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

The Group maintains the following reserve funds which are appropriated from the Group's net profit after tax as proposed by the Board of Directors and subject to approval by shareholders at the annual general meeting.

Investment and development fund

This fund is set aside for use in the Group's expansion of its operation or in-depth investments.

Bonus and welfare fund

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The second quarter of 2025

This fund is set aside for the purpose of pecuniary rewarding and encouraging, common benefits and improvement of the employees' benefits, and presented as a liability on the consolidated balance sheet.

3.10 Earnings per share

Basic earnings per share amounts are calculated by dividing net profit after tax for the year attributable to ordinary shareholders of the Company (after adjusting for the bonus and welfare fund) by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the net profit after tax attributable to ordinary equity holders of the Company (after adjusting for interest on the convertible preference shares) by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

3.11 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually upon the delivery of the goods.

Rendering of services

Revenue from rendering of services is recognised when services have been provided and completed.

Interest

Revenue is recognised as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt..

3.12 Cost of sales

Cost of sales and services provided represents total costs of goods, services which are sold and rendered in the year in accordance with the matching principle. Abnormal amounts of production costs of inventories are recognised immediately in cost of sales.

3.13 Taxation

Current income tax

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the balance sheet date.

Current income tax is charged or credited to the consolidated income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Group to set off current tax assets against current tax liabilities and when the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The second quarter of 2025

Deferred tax liabilities are recognised for all taxable temporary differences, except where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the related transaction affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised, except where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted at the balance sheet date.

Deferred tax is charged or credited to the consolidated income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Group to off-set current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on either the same taxable entity; or when the Group intends either settle current tax liabilities and assets on a net basis or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.
